This product can be installed on the ceiling and wall with the VicFix J Profile 2m (sold separately). For corner installation, use the VicFix Corner (sold separately).

Wall Installation

Ceiling Installation

Corner Installation

Please note: For ceiling installation do not use the VicFix J Profile sections supplied with the product. Use the VicFix J Profile 2m, sold separately. It is recommend to leave some centimeters beyond the last panel to avoid it to loose contact with the VicFix J profile. In countries where earthquakes are likely to happen, it should be applied a blocking element such as a L profile to avoid the last panel to slide off the VicFix J profile. Vicoustic will not take responsibility for any mistakes/ limitations occurring during installations or any damages resulting from falling panels.
