Installation Notes:

1. Suitable for 90-260V.
2. Make sure the electricity is powered off before installation or cleaning.
3. Please test the fixture before installing to ensure that there is no problem with the fixture itself before installing onto the ceiling.
4. Please wear gloves during installation process to avoid scratches.

If you have any questions or experience any issues with your installation, please contact us via email at info@mod-lighting.com for more help.
