

Hydraulic hose manual

Item name:HYDRAULIC HOSE 328 FT ROLL) R2T08 3/8 SAE W.P.
PSI 5000 2 WIRE

Recommended for: High pressure hydraulic oil lines

TUBE: Black synthetic rubber seamless and resistant to oils

COVER: Black oil & abrasion resistant synthetic rubber

REINFORCEMENT: Two high tensile steel wire braid

TEMP. RANGE: minus 40 deg to 250 deg F

Our braided hydraulic hose is designed for medium to high-pressure applications, and is constructed of the highest quality materials. With oil-resistant synthetic rubber inner cores, high tensile steel wire braiding, and abrasion, weather, and ozone resistant synthetic rubber outer covers, AAR braided hydraulic hose is ideal for nearly any hydraulic application.

All of our braided hydraulic hose is manufactured to meet SAE domestic and DIN international standards and is available in several pressure grades,
